

RF FACIAL AFTER CARE

- **DO hydrate well after treatment as this may produce a better result.**
- **DO NOT vigorously rub the skin after treatment, DO gently wash your face and continue with**
- **your usual skincare routine.**
- **Do NOT undergo laser treatments, chemical peels, waxing, the use of depilatories, or microdermabrasion for 3-4 weeks after treatment.**
- **DO wait 7 days before resuming the use of Retin-a (tretinoin), Renova, Differin, Tazorac, Ziana, Veltin, Atralin, glycolic acids or any other exfoliating agents such as a Clarisonic Brush.**
- **DO expect some possible tenderness, swelling, warmth, and redness on the treated areas for a few days to a week after treatment.**
- **DO sleep on two pillows for the first 24-48 hours post treatment to decrease swelling.**
